720.301 Definitions.--As used in this chapter, the term:

(1) "Assessment" or "amenity fee" means a sum or sums of money payable to the association, to the developer or other owner of common areas, or to recreational facilities and other properties serving the parcels by the owners of one or more parcels as authorized in the governing documents, which if not paid by the owner of a parcel, can result in a lien against the parcel.

(2) "Common area" means all real property within a community which is owned or leased by an association or dedicated for use or maintenance by the association or its members, including, regardless of whether title has been conveyed to the association:

(a) Real property the use of which is dedicated to the association or its members by a recorded plat; or

(b) Real property committed by a declaration of covenants to be leased or conveyed to the association.

(3) "Community" means the real property that is or will be subject to a declaration of covenants which is recorded in the county where the property is located. The term "community" includes all real property, including undeveloped phases, that is or was the subject of a development-of-regional-impact development order, together with any approved modification thereto.

(4) "Declaration of covenants," or "declaration," means a recorded written instrument in the nature of covenants running with the land which subjects the land comprising the community to the jurisdiction and control of an association or associations in which the owners of the parcels, or their association representatives, must be members.

(5) "Department" means the Department of Business and Professional Regulation.

(6) "Developer" means a person or entity that:

(a) Creates the community served by the association; or

(b) Succeeds to the rights and liabilities of the person or entity that created the community served by the association, provided that such is evidenced in writing.

(7) "Division" means the Division of Florida Condominiums, Timeshares, and Mobile Homes in the Department of Business and Professional Regulation.

(8) "Governing documents" means:

(72)

(a) The recorded declaration of covenants for a community, and all duly adopted and recorded amendments, supplements, and recorded exhibits thereto; and

(b) The articles of incorporation and bylaws of the homeowners' association, and any duly adopted amendments thereto.

(9) "Homeowners' association" or "association" means a Florida corporation responsible for the operation of a community or a mobile home subdivision in which the voting membership is made up of parcel owners or their agents, or a combination thereof, and in which membership is a mandatory condition of parcel ownership, and which is authorized to impose assessments that, if unpaid, may become a lien on the parcel. The term "homeowners' association" does not include a community development district or other similar special taxing district created pursuant to statute.

(10) "Member" means a member of an association, and may include, but is not limited to, a parcel owner or an association representing parcel owners or a combination thereof, and includes any person or entity obligated by the governing documents to pay an assessment or amenity fee.

(11) "Parcel" means a platted or unplatted lot, tract, unit, or other subdivision of real property within a community, as described in the declaration:

(a) Which is capable of separate conveyance; and

(b) Of which the parcel owner, or an association in which the parcel owner must be a member, is obligated:

1. By the governing documents to be a member of an association that serves the community; and
2. To pay to the homeowners' association assessments that, if not paid, may result in a lien.

(12) "Parcel owner" means the record owner of legal title to a parcel.

(13) "Voting interest" means the voting rights distributed to the members of the homeowners' association, pursuant to the governing documents.

720.302 Purposes, scope, and application.--

(1) The purposes of this chapter are to give statutory recognition to corporations not for profit that operate residential communities in this state, to provide procedures for operating homeowners' associations, and to protect the rights of association members without unduly impairing the ability of such associations to perform their functions.

(2) The Legislature recognizes that it is not in the best interest of homeowners' associations or the individual association members thereof to create or impose a bureau or other agency of state government to regulate the affairs of homeowners' associations. However, in accordance with s. 720.311, the Legislature finds that homeowners' associations and their individual members will benefit from an expedited alternative process for resolution of election and recall disputes and presuit mediation of other disputes involving covenant enforcement and authorizes the department to hear, administer, and determine these disputes as more fully set forth in this chapter. Further, the Legislature recognizes that certain contract rights have been created for the benefit of homeowners' associations and members thereof before the effective date of this act and that ss.

(73)

720.301-720.407 are not intended to impair such contract rights, including, but not limited to, the rights of the developer to complete the community as initially contemplated.

(3) This chapter does not apply to:

(a) A community that is composed of property primarily intended for commercial, industrial, or other nonresidential use; or

(b) The commercial or industrial parcels in a community that contains both residential parcels and parcels intended for commercial or industrial use.

(4) This chapter does not apply to any association that is subject to regulation under chapter 718, chapter 719, or chapter 721 or to any nonmandatory association formed under chapter 723, except to the extent that a provision of chapter 718, chapter 719, or chapter 721 is expressly incorporated into this chapter for the purpose of regulating homeowners' associations.

(5) Unless expressly stated to the contrary, corporations that operate residential homeowners' associations in this state shall be governed by and subject to chapter 607, if the association was incorporated under that chapter, or to chapter 617, if the association was incorporated under that chapter, and this chapter. This subsection is intended to clarify existing law.

720.303 Association powers and duties; meetings of board; official records; budgets; financial reporting; association funds; recalls.--

(1) **POWERS AND DUTIES.**--An association which operates a community as defined in s. 720.301, must be operated by an association that is a Florida corporation. After October 1, 1995, the association must be incorporated and the initial governing documents must be recorded in the official records of the county in which the community is located. An association may operate more than one community. The officers and directors of an association have a fiduciary relationship to the members who are served by the association. The powers and duties of an association include those set forth in this chapter and, except as expressly limited or restricted in this chapter, those set forth in the governing documents. After control of the association is obtained by members other than the developer, the association may institute, maintain, settle, or appeal actions or hearings in its name on behalf of all members concerning matters of common interest to the members, including, but not limited to, the common areas; roof or structural components of a building, or other improvements for which the association is responsible; mechanical, electrical, or plumbing elements serving an improvement or building for which the association is responsible; representations of the developer pertaining to any existing or proposed commonly used facility; and protesting ad valorem taxes on commonly used facilities. The association may defend actions in eminent domain or bring inverse condemnation actions. Before commencing litigation against any party in the name of the association involving amounts in controversy in excess of \$100,000, the association must obtain the affirmative approval of a majority of the voting interests at a meeting of the membership at which a quorum has been attained. This subsection does not limit any statutory or common-law right of any individual member or class of members to bring any action without participation by the association. A member does not have authority to act for the association by virtue of being a member. An association may have more than one class of members and may issue membership certificates. An association of 15 or fewer parcel owners may enforce only the requirements of those deed restrictions established prior to the purchase of each parcel upon an affected parcel owner or owners.

(2) **BOARD MEETINGS.**--

(74)

(a) A meeting of the board of directors of an association occurs whenever a quorum of the board gathers to conduct association business. All meetings of the board must be open to all members except for meetings between the board and its attorney with respect to proposed or pending litigation where the contents of the discussion would otherwise be governed by the attorney-client privilege. The provisions of this subsection shall also apply to the meetings of any committee or other similar body when a final decision will be made regarding the expenditure of association funds and to meetings of any body vested with the power to approve or disapprove architectural decisions with respect to a specific parcel of residential property owned by a member of the community.

(b) Members have the right to attend all meetings of the board and to speak on any matter placed on the agenda by petition of the voting interests for at least 3 minutes. The association may adopt written reasonable rules expanding the right of members to speak and governing the frequency, duration, and other manner of member statements, which rules must be consistent with this paragraph and may include a sign-up sheet for members wishing to speak. Notwithstanding any other law, the requirement that board meetings and committee meetings be open to the members is inapplicable to meetings between the board or a committee and the association's attorney, with respect to meetings of the board held for the purpose of discussing personnel matters.

(c) The bylaws shall provide for giving notice to parcel owners and members of all board meetings and, if they do not do so, shall be deemed to provide the following:

1. Notices of all board meetings must be posted in a conspicuous place in the community at least 48 hours in advance of a meeting, except in an emergency. In the alternative, if notice is not posted in a conspicuous place in the community, notice of each board meeting must be mailed or delivered to each member at least 7 days before the meeting, except in an emergency. Notwithstanding this general notice requirement, for communities with more than 100 members, the bylaws may provide for a reasonable alternative to posting or mailing of notice for each board meeting, including publication of notice, provision of a schedule of board meetings, or the conspicuous posting and repeated broadcasting of the notice on a closed-circuit cable television system serving the homeowners' association. However, if broadcast notice is used in lieu of a notice posted physically in the community, the notice must be broadcast at least four times every broadcast hour of each day that a posted notice is otherwise required. When broadcast notice is provided, the notice and agenda must be broadcast in a manner and for a sufficient continuous length of time so as to allow an average reader to observe the notice and read and comprehend the entire content of the notice and the agenda. The bylaws or amended bylaws may provide for giving notice by electronic transmission in a manner authorized by law for meetings of the board of directors, committee meetings requiring notice under this section, and annual and special meetings of the members; however, a member must consent in writing to receiving notice by electronic transmission.

2. An assessment may not be levied at a board meeting unless the notice of the meeting includes a statement that assessments will be considered and the nature of the assessments. Written notice of any meeting at which special assessments will be considered or at which amendments to rules regarding parcel use will be considered must be mailed, delivered, or electronically transmitted to the members and parcel owners and posted conspicuously on the property or broadcast on closed-circuit cable television not less than 14 days before the meeting.

3. Directors may not vote by proxy or by secret ballot at board meetings, except that secret ballots may be used in the election of officers. This subsection also applies to the meetings of any committee or other similar body, when a final decision will be made regarding the expenditure of association funds, and to any body vested with the power to approve or disapprove architectural decisions with respect to a specific parcel of residential property owned by a member of the community.

(d) If 20 percent of the total voting interests petition the board to address an item of business, the board shall at its next regular board meeting or at a special meeting of the board, but not later

than 60 days after the receipt of the petition, take the petitioned item up on an agenda. The board shall give all members notice of the meeting at which the petitioned item shall be addressed in accordance with the 14-day notice requirement pursuant to subparagraph (c)2. Each member shall have the right to speak for at least 3 minutes on each matter placed on the agenda by petition, provided that the member signs the sign-up sheet, if one is provided, or submits a written request to speak prior to the meeting. Other than addressing the petitioned item at the meeting, the board is not obligated to take any other action requested by the petition.

(3) **MINUTES.**--Minutes of all meetings of the members of an association and of the board of directors of an association must be maintained in written form or in another form that can be converted into written form within a reasonable time. A vote or abstention from voting on each matter voted upon for each director present at a board meeting must be recorded in the minutes.

(4) **OFFICIAL RECORDS.**--The association shall maintain each of the following items, when applicable, which constitute the official records of the association:

(a) Copies of any plans, specifications, permits, and warranties related to improvements constructed on the common areas or other property that the association is obligated to maintain, repair, or replace.

(b) A copy of the bylaws of the association and of each amendment to the bylaws.

(c) A copy of the articles of incorporation of the association and of each amendment thereto.

(d) A copy of the declaration of covenants and a copy of each amendment thereto.

(e) A copy of the current rules of the homeowners' association.

(f) The minutes of all meetings of the board of directors and of the members, which minutes must be retained for at least 7 years.

(g) A current roster of all members and their mailing addresses and parcel identifications. The association shall also maintain the electronic mailing addresses and the numbers designated by members for receiving notice sent by electronic transmission of those members consenting to receive notice by electronic transmission. The electronic mailing addresses and numbers provided by unit owners to receive notice by electronic transmission shall be removed from association records when consent to receive notice by electronic transmission is revoked. However, the association is not liable for an erroneous disclosure of the electronic mail address or the number for receiving electronic transmission of notices.

(h) All of the association's insurance policies or a copy thereof, which policies must be retained for at least 7 years.

(i) A current copy of all contracts to which the association is a party, including, without limitation, any management agreement, lease, or other contract under which the association has any obligation or responsibility. Bids received by the association for work to be performed must also be considered official records and must be kept for a period of 1 year.

(j) The financial and accounting records of the association, kept according to good accounting practices. All financial and accounting records must be maintained for a period of at least 7 years. The financial and accounting records must include:

1. Accurate, itemized, and detailed records of all receipts and expenditures.

2. A current account and a periodic statement of the account for each member, designating the name and current address of each member who is obligated to pay assessments, the due date and

amount of each assessment or other charge against the member, the date and amount of each payment on the account, and the balance due.

3. All tax returns, financial statements, and financial reports of the association.
4. Any other records that identify, measure, record, or communicate financial information.

(k) A copy of the disclosure summary described in s. 720.401(1).

(l) All other written records of the association not specifically included in the foregoing which are related to the operation of the association.

(5) **INSPECTION AND COPYING OF RECORDS.**--The official records shall be maintained within the state and must be open to inspection and available for photocopying by members or their authorized agents at reasonable times and places within 10 business days after receipt of a written request for access. This subsection may be complied with by having a copy of the official records available for inspection or copying in the community. If the association has a photocopy machine available where the records are maintained, it must provide parcel owners with copies on request during the inspection if the entire request is limited to no more than 25 pages.

(a) The failure of an association to provide access to the records within 10 business days after receipt of a written request creates a rebuttable presumption that the association willfully failed to comply with this subsection.

(b) A member who is denied access to official records is entitled to the actual damages or minimum damages for the association's willful failure to comply with this subsection. The minimum damages are to be \$50 per calendar day up to 10 days, the calculation to begin on the 11th business day after receipt of the written request.

(c) The association may adopt reasonable written rules governing the frequency, time, location, notice, records to be inspected, and manner of inspections, but may not impose a requirement that a parcel owner demonstrate any proper purpose for the inspection, state any reason for the inspection, or limit a parcel owner's right to inspect records to less than one 8-hour business day per month. The association may impose fees to cover the costs of providing copies of the official records, including, without limitation, the costs of copying. The association may charge up to 50 cents per page for copies made on the association's photocopier. If the association does not have a photocopy machine available where the records are kept, or if the records requested to be copied exceed 25 pages in length, the association may have copies made by an outside vendor and may charge the actual cost of copying. The association shall maintain an adequate number of copies of the recorded governing documents, to ensure their availability to members and prospective members. Notwithstanding the provisions of this paragraph, the following records shall not be accessible to members or parcel owners:

1. Any record protected by the lawyer-client privilege as described in s. 90.502 and any record protected by the work-product privilege, including, but not limited to, any record prepared by an association attorney or prepared at the attorney's express direction which reflects a mental impression, conclusion, litigation strategy, or legal theory of the attorney or the association and was prepared exclusively for civil or criminal litigation or for adversarial administrative proceedings or which was prepared in anticipation of imminent civil or criminal litigation or imminent adversarial administrative proceedings until the conclusion of the litigation or adversarial administrative proceedings.

2. Information obtained by an association in connection with the approval of the lease, sale, or other transfer of a parcel.

3. Disciplinary, health, insurance, and personnel records of the association's employees.

4. Medical records of parcel owners or community residents.

(d) The association or its authorized agent is not required to provide a prospective purchaser or lienholder with information about the residential subdivision or the association other than information or documents required by this chapter to be made available or disclosed. The association or its authorized agent may charge a reasonable fee to the prospective purchaser or lienholder or the current parcel owner or member for providing good faith responses to requests for information by or on behalf of a prospective purchaser or lienholder, other than that required by law, if the fee does not exceed \$150 plus the reasonable cost of photocopying and any attorney's fees incurred by the association in connection with the response.

(6) BUDGETS.--

(a) The association shall prepare an annual budget that sets out the annual operating expenses. The budget must reflect the estimated revenues and expenses for that year and the estimated surplus or deficit as of the end of the current year. The budget must set out separately all fees or charges paid for by the association for recreational amenities, whether owned by the association, the developer, or another person. The association shall provide each member with a copy of the annual budget or a written notice that a copy of the budget is available upon request at no charge to the member. The copy must be provided to the member within the time limits set forth in subsection (5).

(b) In addition to annual operating expenses, the budget may include reserve accounts for capital expenditures and deferred maintenance for which the association is responsible to the extent that the governing documents do not limit increases in assessments, including reserves. If the budget of the association includes reserve accounts, such reserves shall be determined, maintained, and waived in the manner provided in this subsection. Once an association provides for reserve accounts in the budget, the association shall thereafter determine, maintain, and waive reserves in compliance with this subsection.

(c) If the budget of the association does not provide for reserve accounts governed by this subsection and the association is responsible for the repair and maintenance of capital improvements that may result in a special assessment if reserves are not provided, each financial report for the preceding fiscal year required by subsection (7) shall contain the following statement in conspicuous type: THE BUDGET OF THE ASSOCIATION DOES NOT PROVIDE FOR RESERVE ACCOUNTS FOR CAPITAL EXPENDITURES AND DEFERRED MAINTENANCE THAT MAY RESULT IN SPECIAL ASSESSMENTS. OWNERS MAY ELECT TO PROVIDE FOR RESERVE ACCOUNTS PURSUANT TO THE PROVISIONS OF SECTION 720.303(6), FLORIDA STATUTES, UPON THE APPROVAL OF NOT LESS THAN A MAJORITY OF THE TOTAL VOTING INTERESTS OF THE ASSOCIATION.

(d) An association shall be deemed to have provided for reserve accounts when reserve accounts have been initially established by the developer or when the membership of the association affirmatively elects to provide for reserves. If reserve accounts are not initially provided for by the developer, the membership of the association may elect to do so upon the affirmative approval of not less than a majority of the total voting interests of the association. Such approval may be attained by vote of the members at a duly called meeting of the membership or upon a written consent executed by not less than a majority of the total voting interests in the community. The approval action of the membership shall state that reserve accounts shall be provided for in the budget and designate the components for which the reserve accounts are to be established. Upon approval by the membership, the board of directors shall provide for the required reserve accounts for inclusion in the budget in the next fiscal year following the approval and in each year thereafter. Once established as provided in this subsection, the reserve accounts shall be funded or maintained or shall have their funding waived in the manner provided in paragraph (f).

(e) The amount to be reserved in any account established shall be computed by means of a formula that is based upon estimated remaining useful life and estimated replacement cost or deferred maintenance expense of each reserve item. The association may adjust replacement
